ARMY SUPPLIES ARE STOLEN

NO CLUE TO WOMAN WHO ENDED LIFE IN OCEAN

SAN FRANCISCO, Aug. 2.—Washed upon the beach from which she had waded into the waves only a few hours before, the body of an unidentified woman, between 35 and 40 years of age, was discovered early today by Policeman J. O'Leary of the Richmond station about a block and a half below the Cliff House.

Every identification mark had been removed from the woman's clothing and her face was covered with a black silk stocking mask dawn over the head, with holes cut for the eyes.

The woman wore no dress or skirt, but her body was covered with a long brown overcoat, which had been fastened with safety pins. Under this she wore a combination and chemise, clean and of good quality, and a button corset. On one leg were two black silk stockings, and one on the other leg—evidently its mate was the mask. She also wore a cream colored silk shirtwaist.

O'Leary notified the coroners' office and he and Deputy Coronel Frank Becker made a close examination.

They found the footprints of the woman leading down the beach into the water, and from the fact that these had not been effaced Becker declared the woman had waded into the water after midnight as the tide was receding.

The woman was 5 feet 4 inches tall and had grown eyes, dark hair tinged with gray and was slender.

LOSS OF DOG LANDS PLAN THIEF IN CITY JAIL

Because some one stole his dog, and he thought he would get even on some one who he supposed to have had something to do with the disappearance of the animal, Charles Fredericks is in the city prison, and a charge of burglary was placed against him this morning. The prisoner is charged with stealing plans from the Hitchcock Tractor company at Third and Cutting that are said to be worth $35,000.

For some time articles have been disappearing from the tractor works, and the police have made an effort to unravel the mystery. Satprday night officer H. Messenger was on duty at the work, and shortly before midnight he saw a person emerge from one of the windows. He gave chase, shouting to the fellow to stop, but the party jumped into a boat and made for a small island about two hundred yards from the shore.

Additional help was secured from the police office, and a trip made to the island. As the officers gained admittance to the small house, Fredericks was throwing plans out of the window into the water. He was arrested and taken to jail.

All day yesterday the officers looked for the plans and most of them, water-soaked, were recovered.

From the tenor of Frederick's talk he had no idea of the value of the plans.

BULLETIN

Fredericks was arraigned in the police court today and his bail fixed at $5000 each on two charges.

DR. BOYER IS HOME AFTER TOUR OF COUNTRY

Rev. Thomas A. Boyer, pastor of the First Christian Church, is home again, after an absence of the past four months. He breezed into town last evening, hale and hearty, full of exuberance and feeling just fine. The trip has been a wonderful experience for Dr. Boyer, and at the First Christian church next Sunday he is going to tell of it. He will speak on the subject, "Places I have been, persons I have met and the impressions I have formed."

All day long today Dr. Boyer's telephone has been kept ringing, friends calling him up and extending greetings to him.

During the time Dr. Boyer has been absent on the Chautauqua lecture tour he has been from Mexico to Canada; he has visited one hundred and fifty towns, and he has gained a world of information that will be very interesting to the people of this city.

Dr. Boyer's work was closed in the northern part of Montana, and he had the experience of going through tornadoes and windstorms almost every day.

VOTERS IN THE COUNTY MAY REACH 18,000 MARK

Every deputy in the city is turning in affidavits of registration this morning to city clerk A. C. Fars, and as a result that official is swamped. Just what the registration of Richmond will be this year for the primary will not be known for several days. Many of the affidavits are where voters have changed their party affiliations.

County Clerk Wells estimates that the registration in the entire county will reach the 18,000 mark.

Meyers to Take Appeal in the Meindersee Suit

Fred Meyers stated today that he would appeal from the verdict of the jury in the suit brought by Mrs. Grace Meindersee for damages. The plaintiff received a judgment for $7,500. Damages to the amount of $30,000 were asked.

EAST BAY IS WILLING TO SELL PLANT TO CITIES

Some time this week before the representatives of the different east bay cities, the East Bay Water company will tell what it is willing to sell its plant for. Richmond is represented on the commisson by Mayor Long, councilman E. J. Garrard and city engineer H. D. Chapman. The company is not opposed to municipal ownership, and would be willing to sell outright, according to the statement of Wigginton E. Creed, the president of the company.

The Mayor's committee, before which his announcements were made, set forth that it would review Creed's price on the holdings and, acting on the advice of the East Bay Water Commission engineers, would determine thereafter whether it would enter into direct negotiations for the purchase of the entire water supply system.

Meanwhile the engineers and the experts of the company are compiling their report on the holdings. According to C. E. Hickok, secretary of the engineering committee, the committee has conferred with George H. Wilhelm of the water company on the valuation of the properties, and the report will be ready for submission within a few days.

Frequent conferences have been held between the various parties engaged in the negotiations. In one of these meetings Creed set forth the difficulties which would be encountered in an endeavor to define each city's distributing system as was the original plan of the municipal committee. He repeated that the East Bay water company could care for the demands of the east bay cities for the next ten years at a minimum with the new San Pablo dam, and the proposed raising of the San Leandro dam, but thereafter, he said, it would be imperative that the cities take the situation into their own hands or cooperate with the company on a future supply.

The company, Creed declared, will sell at any new valuation placed on its east bay holdings that the Railroad Commission may determine, but set forth that he is uncertain of the company's acceptance of the commission's present valuation, which, he pointed out, was for rate purposes only. He advised the cities that they

(Continued on Page Four)

BREAD AND MILK TAKE INCREASE IN PRICE

Bread goes up in price today, and with it there is also an increase in the price of milk. The Richmond dealers, through J. B. Silveria, announce that the raise in milk will be a cent for pints and quarts. The complete schedule of prices is as follows:

Milk—Pints, 10 cents, formerly 9 cents; quarts, 16 cents, formerly 15 cents; quart and a pint, 24 cents, formerly 22 1-2 cents; four quarts or over, 15 cents, formerly 14 cents.

Certified Milk—Quarts, 25 cents, forcerly 23 cents.

Table Cream—Quarter pint, 12 cents, formerly 10 cents; half pints, 23 cents, formerly 20 cents; pints, 45 cents, formerly 40 cents.

Pastry Cream—Quarter pints, 15 cents, no increase; half pints, 28 cents, formerly 25 cents; pints, 55 cents, formerly 50 cents.

MANY ARE INVOLVED STEALING SUPPLIES

NEW YORK, Aug. 2.—A wide spread plot, resulting in the thefts of supplies valued at $1,000,000 from the quartermaster stores at Camp Merritt, N. J., was revealed today by Department of Justice agents. It is said army men of high rank are involved, but no arrests have as yet been made.

Three men, a quartermaster captain, a former lieutenant and a negro, were to be questioned today by the agents in an effort to round up all persons connected with the plot.

It is estimated only a small portion of stolen supplies are yet accounted for. Most of the loot has been seized and closed by the agents. The stock at these stores are being examined for trace of stolen supplies.

Payroll of Richmond is $3,000,000 Over Vallejo

It would seem that the claims that are being made by Vallejo that the payroll of that city is greater than Richmond is without foundation. Vallejo claims a payroll of $1,000,000 a month.

Secretary Wallace of the Chamber of Commerce has been making a canvas of the industrial plants of this city securing data, and he finds that Richmond's payroll will exceed $15,000,000 a year, and is on the increase all the time.

The federal census gave Vallejo ten more population than this city, but as a matter of fact Richmond has about 4,000 more than the navy yard town.

An Effort is Being Made to Have New Homes Erected

An effort is being made by the Chamber of Commerce to have out of town lot owners erect homes on their lots. There is a demand in Richmond at the present time for at least two thousand new homes, and they would be all occupied the minute they were completed. This would add at least 10,000 more population to this city, and would mean additional business to merchants.

To encourage the plan, Secretary Walacae is sending out letters of inquiry to all parts of the country, asking owners of lots if they would consider a plan of erecting a home on their lot. The scheme is for the Chamber of Commerce to help outsiders finance the erection of new houses.

Cantu Will Oppose Huerta

CALEXICO, Cal., Aug. 2.—Warfare in Lower California appears inevitable.

Positive assurance of that situation was given here today by an official commission direct from Provisional President de la Huerta, the members of which, Senors Pina y Cuevas and Juan D. Pratt, have just arrived from Mexico City to establish confidential communication between this point—just across the border from Mexicali, seat of Cantu's government—and the Mexican capital.

The hostile break between the central government and the territorial govenment of Esteban Cantu is irreconcilable, Cuevas and Platt declared. Only the formal resignation of Cantu or his flight before the regular federal amies now in movement on Lower Califonia, can stave off the completely planned battles intended to put down the rebellion which now exists, the commissioer stated.

DISTURBS THE PEACE AND PAYS FINE OF $10

Charles Trowetta got on a rampage in the Pullman district last night and when a police officer told him to keep a little quiet, Trowetta told the officer to go to a place that is supposed to be hotter than Yuma. The result is that Trowetta appeared in the police court this morning and paid a fine of $10.

COUNCIL WILL HOLD MEETINB THIS EVENING

At the meeting of the council this evening bids for the improvement of two streets will come up for disposition.

Other matters of a very important nature are to be discussed.

WILL HOLD LUNCHEON

Tomorrow at noon a luncheon will be held at Martin's grill, at which time the Chamber of Comerce will complete the details for the reception of the middies Wednesday.

Pay-As-You-Enter Boxes Discarded By Street Car Co.

The pay-as-you-enter cash boxes of the street car between the refinery and the county-line have been discontinued. During the rush hours of the day but little attention has been paid to the boxes, the crowds would pile on the cars, and the company would lose the money.

Hereafter the collection of fares will take place after the passenger has entered the car.

WILL HAVE NEW FERRY

Indications are that Richmond is to have a ferry to San Francisco in the near future. Just think of it, just three-quarters of an hour to get across the bay.

CULTIVATE SUCCESS!

As the farmer cares for his crop you must care for your earnings.

Your funds will be cared for here in a way which admits of no criticism. We have a line of patrons who have found this bank is every way satisfactory, and some of them have been with us ever since this bank started. We regard our clients' interest as identical with our own, realizing that the satisfied customer is the best advertisement a bank can have.

"At the Sign of the Clock."

Development Harbors in Hands Visiting Middies

The visit of the 1500 midshipmen from Annapolis who will visit Richmond Wednesday will mean a great deal to the future of this city, for in the party will be one hundred and fifty future admirals of the navy, in whose hands will rest the future development of the harbors of the country.

Captain Stone of the navy conferred with Secretary Wallace of the Chamber of Commercet his morning and agreed uponthe details of the visit.

The visitors will be met at the Sixteenth street depot at 10 a. m., and brought to this city.

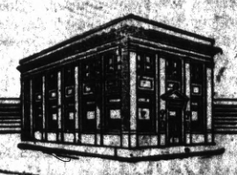

Secretary Wallace wants fifty automobiles donated for the occasion, and hew ants every one of them to be decorated with flags. Those who are willing to aid in the cause should immediately call up telephone Richmond 891.

The midshipmen will be taken on a drive to all points of interest in the city, and particular attention will be paid to harbor work, and its future development.

After the inner harbor, the industrial plants and the municipal wharf have been inspected, the middies will be brought to the vacant lot in the rear of the Elks building, where a twenty minute reception will be held.

A group of film men from San Francisco will accompany the procession and scenes of Richmond will be made for the movies.

Cut loose and cheer the boys as they pass down Macdonald avenue. Make them feel at home and know that Richmond is a wide-awake place If possible, the employees of the Pullman shops and Standard Oil company should appear in groups at their works and cheer the middies. It will look good to these easterners, and

OFFICIAL PAPER CITY OF RICHMOND

OUT CITIZEN SOLDIERS

It is no longer the fashion to crack jokes at the expense of the National Guard. They are no longer "paper collar soldiers;" "dress parade boys" and other uncomplimentary names.

They made good during the great war, and if the truth is told have made good on every occasion when called upon.

There is a concerted movement for re-organizing the guard which was mustered into the service of the national government and has never been re-placed in the states. The movement is meeting with marked success, which speaks will for the generation of young men. Military training is one of the best things for any young man.

When we say that, we do not mean militarism. We believe in peace and would oppose the establishment of any great military establishment in this country. But the lessons in discipline and in the care of health that is imparted in military training seems to be acquired in no other way. It is often said that the present generation have no respect for authority. short course of military training for our young men will soon cure that defect.

Self reliance is another great lesson which the National Guard teaches. We have never seen a boy worse for the training, but we can recall many who have been made physically stronger and more self-reliant by serving their three years' turn of duty.

The work of the National Guard will always stand as a monument to the American idea of a militia rather than a large standing army. Going from civil life, with only the traning given by the weekly drill and the annsui camp, they made good as soldiers against the finest that the kaiser could send against them. The thirty-second division was composed entirely of militia or National Guard troops, and it was the boast of their commander that they never retreated when they had started forward; that they never surrendered a trench once captured and that they lost no prisoners. Surely a record to be proud of.

Not the least of the lessons of the National Guard is the lesson of patriotism. We are at heart a patriotic people, but we often forget the duty we owe to our country in time of peace, though we rally as one when assailed in time of war. A thoroughly implanted love of the flag, and what it stands for cannot fail to make better citizens. The young man who has served his turn as a guardsman is not easily led about by the radicals and trouble makers who are plotting the overthrow of our government. Let us encourage the young guardsmen, rather than meet them with jibes and jokes.

GOVERNMENT ECONOMY

What an awful wail from Washington because the appropriation for the state department has been reduced by about $2,000,000. What a doleful picture of the overworked and underpaid clerks. What a lot of tears about the poor men and women, who after several years of faithful service are compelled to seek other jobs.

And yet both political parties are calling loudly for economy in government expenditures; the people, who pay the taxes, are demanding relief from their burdens; the newspapers are saying that three men in the government employ are doing the work of one; but so soon as any of the "fruit" is cut off, how those who are touched do howl.

We refuse to get excited about a possible coal shortage next winer. We believe there is heat enough in our system, accumulated during the past few months to last until after ground hog day.

The purchase of the ex-kaiser's yacht by a Pittsburg millionaire may be the idea of some men to get into the limelight—but we believe the less any American has to do with former possessions of that former monarch the better.

Notice that the people of Philadelphia are complaining of "star chamber" methods of sinking fund trustees, because they sold a banking house a lot of municipal securities, and then bought them a few days later—at a profit to the bankers. Isn't Philadelphia the town that was characterized as "corrupt and contented?"

SMALL TOWN NEIGHBORS

When most of the people lived in the small towns, neighbors meant our near friends—those, with whom we came in contact day by day and the friendships built in that way lasted throughout the years, no matter how we have been scattered. Now the city does not give the same opportunity for neighborliness.

We move into a neighborhood, that still retains the title borrowed from the country habit, but we may live in the same apartment house, the same flat or the same hotel for years and never know the name of the person occupying the apartment next to us. There is no feeling of friendship; no cuiosity no borrowing back and forth; no rejoicing with each other in good fortune; no sorrowing together in trouble. We live apart—neighbors, yet strangers.

The city has many advantages. The conveniences of living are vastly improved over the country as many of us knew it when in childhood, but the loss of the friendly feeling for our fellow man is a loss that is hard to repair. If we would get down to know each other, to realize that we are all children of the same God, all citizens of a common country and that underneath the surface we are all kin, it would indeed be a great gain—a gain that would bring the smile to many faces now hungering for the sympathy of a friend.

GIVE A LITTLE PRAISE

Every man likes a little commendation when he does his work well. It makes him realize that his efforts are appreciated and sometimes counts for more than mere money. Every one likes to feel when doing his best that it does not go for naught.

Children should be occasionally praised for good work, but it must be done judiciously. Children's minds are plastic and receive impressions readily. Too much prase sooni causes them to think they are really superior, and is apt to make them conceited and snobbish. But properly bestowed, a little commendation does them good.

Every employer of labor knows that when the "boss" goes among the men and extends a few words of praise for extra good work the whole morale of the ship is improved. There is no spirit of jealousy, but rather a feeling that they must emulate the man who has received the glad hand.

Criticism can take the form of correction as well as fault finding, and in most cases will be found more effectuald If a man is wrong, show him the right way, rather than finding fault with what he is doing.

"Proud Neighbors Give Roosevelt Welcome Home." What an old-time ring that headline has!

Cutting a matter of two billions off the public debt is mighty good reading during the hot summer months.

The German hangmen have gone on a strike and refuse to attend to their duties. Now is the time for the Crown Prince to sneak home.

Those bandits who stole a truckload of whiskey on the way to Atlantic City would have a host of friends—if they could be located at some quiet spot.

Canada promises a bumper wheat crop, and the price will be high, so it is said. That cold country is pushing forward as the granary of the world.

Delvers into the past report finding an unpaid note nearly four thousand years old. Well, it's outlawed, and probably the maker's estate wasn't solvent, anyway.

Joseph W. Bailey's nomination for Governor of Texas brings back the days of Bourbon politics and makes old timers rub their eyes to be sure they have been sleeping these past tyelve years.

The latest suggestion of benevolent and paternal authorities is that women be compelled to stamp each article of clothing with the name of the owner. When benevolent and paternal authority gets ready to appoint inspectors to enforce this decree, isn't there some likelihood of a riot among applicants anxious to qualify for civil service.

Gompers is a sly old bird. He has never yet been inveigled into a declaration for a party candidate that would supposedly deliver the vote of the American Federation of Labor. Remember the fate of Terrence V. Powderly.

It is true, and every sane business man will admit, that the work of the government could be done even more efficiently with one-half the employees now on the payroll—and they would not be overworked either. One big business man says he could pay off the national debt in ten years from savings, without a cent of increased income. If there has been a reduction in the state department from the big war time payrolls, it is cause for rejoicing. Hede's hoping the same think happens in other departments, and in even greater degree.

Summer Apparel At Prices Cut to A Mere Fraction

CHERRY CHAT OF TEN STORES

Come in and choose your summer apparel from the great assortment of new fashions that Cherry's is offering at prices cut to the last notch. Pay just a small percentage of the greatly reduced prices and secure possession of anything you want—balance can be paid in small monthly amounts. Could any offer be more generous or tempting? It is creating a great sensation among the women and men of Oakland, who are daily flocking to Cherry's,eager to take advantage of what is probably the most remarkable sale in years. Reductions apply to summer suits, dresses, hats and sport coats for women and misses.

ZEROLENE — The Standard Oil — For Motor Cars

A grade for each type of engine

Lubrication has advanced since the days of tallow on the wagon hub. Today it is a science,—with a grade of Zerolene for each type of engine.

It is significant that more than half the motorists of the Pacific Coast States follow the advice of our Board of Lubrication Engineers and use Zerolene of the correct grade for their automobiles. This is resulting in better performance and longer life for the cars.

You, too, should use Zerolene.

There is a grade for each type of engine and a separate Zerolene Correct Lubrication Chart for each make of car. Get one for your car at your dealer's or at our nearest station.

Use Zerolene for Correct Lubrication.

for Tractors

There is a correct grade of Zerolene for each type of tractor. Get our attractive booklet on the Correct Lubrication of your tractor. Ask our agent for a copy.

Cancer Removed Without the Knife

For months I suffered from a Cancer on the side of my neck. I underwent an operation, and had the first one removed, but it was immediately followed by a larger one. I visited different cancer specialists and took various treatments, but pain increased daily. I suffered so intensely that I lost 18 pounds in three weeks. I could neither eat nor sleep, but walked the floor night after night in my agony.

Finally, in desperation, I went to the FONG WAN CHINESE HERB SPECIALISTS for herb treatment. The first cup of Herb Tea gave me such relief that I slept nearly all night. During the next two weeks my system was cleansed and strengthened, and I gained 7 pounds. At the end of the two weeks the cancer broke and came out by itself, thus making another operation unnecessary. Now that the Cancer is entirely gone, it has left my face smooth, with scarcely a scar.

I worked in Moore's shipyard over two years and I reside at 3325 E. 17th St., Oakland, and shall be glad to give any one interested further particulars regarding my case and this marvelous herb treatment. FRANK DUARTE.

Palmer Says Conspiracy Exists Among Woolen Men

WASHINGTON, Aug. 2.—A conspiracy to keep up high prices of wearing apparel exists and is being supported by manufacturers and jobbers of clothing, according to charges made in a formal statement issued by the department of justice today.

"It only remains to fix personal responsibility before vigorous prosecution is begun," the statement declared.

"Mills have been closed arbitrarily," the statement declared, "and the closing of these mills has been used to threaten retail dealers that if they do not buy on the present market their supplies wil be cut and even higher prices will prevail."

TEXAS FLOUR TAKES DROP $1 BARREL

FORT WORTH, Tex., Aug. 2.—Flour prices fell $1 a barrel today at local mills. Also bakers who last Tuesday advanced the price of bread two cents a loaf today recalled the increase. This latter action followed the warning of United States District Attorney Taylor that prosecution would result if the advance was not recalled.

BRIBERY CHARGE IS DISMISSED

SAN FRANCISCO, Aug. 2.—On motion of Attorney General U. S. Webb the grand jury indictment charging Peter P. McDonough, bail bond broker, with having bribed Police Judge John J. Sullivan, was dismissed today by Superior Judge Franklin A. Griffin.

Truck Jams Into The Rear of Auto W. W. Cottingham

BULLETIN

The police have ascertained that it was Jose Abraio of the San Pablo district who ran into Cottingham's machine. Abraio has promised to pay for the damage done.

While W. W. Cottongham's automobile was standing on Chanslor avenue in front of the home of a friend Saturday evening, a big truck, going west jammed into the rear of it, badly mashing the body and tearing off the gasoline tank. One wheel of the truck was torn off, and the driver then ducked, leaving the truck.

The police were notified and are working on the case. They know the owner of the truck, but the identity of the driver has not yet been learned. Saturday night was bright moonlight, and how the accident occurred is a mystery.

Church-Factory League to Play Baseball Today

The First Baptist church baseball nine will meet the Presbyterian team this afternoon at five o'clock at the Y. M. C. A. athletic field, First and Bissell.

This will be the first game in the Church-Factory league in which two church teams have opposed each other—so there will be large numbers of supporters for each team.

American Legion Dance Attended By Large Crowd

A large crowd attended the dance given by the American Legion and the Ladies' Auxiliary last Saturday night at East Shore Park.

The music was especially good, so every one present had a fine time.

It is estimated that the American Legion and the Ladies' Auxiliary each made about one hundred and fifty dollars clear on the dance, punch and the checking room.

Traveling Man—Some tornado that was we had around here last night. Do any damage to your barn. Phlegmatic Farmer—Dunno. Hain't found the durn thing yet.—American Legion Weekly.

DEPENDED

Miss Wrinkles (very rich): You love me now, but will your love ever change.

Hunter (absently): What are your investments?

"In Mizzoura" is Feature Film at The Richmond

Much has been written about realism on the screen, but the whole plot of "In Mizzoura," the new Paramount Artcraft picture starring Robert Warwick, which will be shown at the Richmond Theatre today, is built around a startling incident that happened in that state several years ago. The author, Augustus Thomas, was at that time a reporter on a St. Louis paper. A train robbery took place in which a lone highwayman held up the express messanger and stole several thousands of dollars. Afterward he turned up in a small town and was captured. Mr. Thomas took this affair, and with his dramatic genius, incorporated it into a play, along with an unusually appealing little love story—the late Nat Goodwin using it for several years as a starring vehicle.

It was inevitable that a play of such force and appeal should reach the screen. Robert Warwick is said to fit ideally into the role of the hero. Eileen Percy is a pretty leading woman. The cast also includes Noah Beery, Monte Blue, Gertrude Short and Robert Cain. Hugh Ford, master director, handled the screening of the picture. Beulah Marie Dix, who picturized "Secret Service" and "The Woman Thou Gavest Me," wrote the scenario.

On the same bill, "The Whirlwind" and a Christy comedy will be shown.

Tomorrow Dorothy Dalton will be featured in "The Market of Souls."

At Martin's Grill tomorrow at noon the Progressive Business Men's club will give a luncheon. Short talks will be given by the members.

Diner (scanning the bill of fare)—Rump steak 40 cents and again 50 cents. What is the difference? The Waiter—You get a sharper knife with the 50 cent one, sir.—Boston Transcript.

Don't Forget

SALTS IF KIDNEYS OR BLADDER BOTHER

Harmless to flush Kidneys and neutralize irritating acids—Splendid for system.

Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in avoiding it.

Bladder weakness, most folks call it, is because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most smple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and caused no bad effects whatever.

Here you have a pleasant, effervescent lithia water drink, which quickly relieves bladder trouble.—Adv.

Around Our Town

New Hair Growth After BALDNESS

On legal affidavit, John Hart Brittain, business man, certified to this: "My head at the top and back was absolutely bald. The scalp was shiny. An expert said that he thought the hair roots were extinct, and there was no hope of my ever having a new hair growth. "Yet now, at an age over 50, I have a luxuriant growth of soft, strong lustrous hair! No trace of baldness. The pictures shown here are from my photographs." Mr. Brittain certified further:

After hair growth

INDIAN'S SECRET OF HAIR GROWTH

Photo when bald.

"At a time when I had become discouraged at trying various hair lotions, tonics, specialists' treatments, etc., I came across, in my travels, a Cherokee Indian 'medicine man' who had an elixir that he assoverated would grow my hair. Although I had but little faith, I gave it a trial. To my amazement a light fuzz soon appeared. It developed, day by day, into a healthy growth, and ere long my hair was as prolific as in my youthful days.

Thus I was astonished and happy to experience any *state of mind mildly.*

Obviously, the hair roots had not been dead, but were dormant in the scalp, awaiting the fertilizing potency of the mysterious pomade. I negotiated for and came into possession of the principle for preparing this mysterious elixir, now called Kotalko, and later had the recipe put into practical form by a chemist.

That my own hair growth was permanent has been amply proved."

How YOU May Grow YOUR Hair

It has been proved in very many cases that hair roots did not die even when the hair fell out through dandruff, fever, *alopecia areata* or certain other hair or scalp disorders. Miss A. D. Otto reports: "About 8 years ago my hair began to fall out until my scalp in spots was almost entirely bald. I used everything that was recommended but was always disappointed until at last I came across Kotalko. My bald spots are being covered now; the growth is already about three inches." G. W. Mitchell reports: "I had spots completely bald, over which hair is now growing since I used Kotalko." Mrs. Matilda Maxwell reports: "The whole front of my head was as bald as the palm of my hand for about 15 years. Since using Kotalko, hair is growing all over the place that was bald." Many more splendid, convincing reports from satisfied users.

KOTALKO
FOR FALLING HAIR
BALDNESS, DANDRUFF
For Sale at all Busy Drug Stores

Kotalko is wonderful for women's hair.

KOTALKO contains GENUINE BEAR OIL and other potent ingredients. No alcohol, no shampoo; but a hair elixir of wonderful efficacy. All ingredients are safe and harmless, even for a child's scalp and hair. Positively KOTALKO is the most scientifically reliable hair preparation that money can buy. Buy a box of KOTALKO at the drug store. Or ask for Kotalko at the toilet goods or drug counter of any large department store. Remember the name. Accept nothing else as "just as good." $300.00 GUARANTEE. Or if you send 10 cents (silver or stamps), you will receive a PROOF BOX of Kotalko with BROCHURE, postpaid. Determine NOW to eliminate DANDRUFF, to treat BALDNESS, to STOP HAIR FROM FALLING. Get a box of guaranteed KOTALKO, apply once or twice daily; watch in your mirror. For PROOF BOX (10 cents unless otherwise) write to
